GOVERNMENT OF MYSORE, ELECTRICAL DEPARTMENT.

OFFICE OF THE CHIEF ELECTRICAL ENGINEER IN MYSORE, BANGALORE.

Notification dated 7th March 1938.

Sealed tenders for the purchase of the following pin-type insulators and pole clamps useful for installation on consumers' lines will be received in the Office of the Chief Electrical Engineer to the Government of Mysore, Bangalore, up to 2 P.M. on Thursday the 31st March 1938.—

2,470 insulators of different sizes and shapes with steel pins and wooden thimbles.
400 insulators of different sizes and shapes *without* pins and thimbles.
408 Clamps for No. 3 pole.

The above materials are available for inspection at our Central Stores, near Binny Mills, Bangalore City, and may be seen there by intending purchasers on working days during office hours.

Tenders should be superscribed "Tenders for the purchase of insulators and clamps due at 2 P.M. on 31st March 1938" and should be accompanied by an earnest money of Rs. 50 (Rupees fifty) only. The earnest money should be sent separately by registered post in currency notes or cheques drawn on the Bank of Mysore, Ltd., Bangalore, or the Imperial Bank of India, Bangalore, or remitted by Money Order.

The Chief Electrical Engineer reserves to himself the right to refuse the highest or any tender, whole or part, without assigning any reason therefor.

The earnest money of the successful tenderer will be retained and he will be required to pay up the balance of amount before removing the materials.

Arrangements should be made by the purchaser at his cost to remove the materials from the Stores within 10 days of communication of acceptance of his tender.

Failure to comply with the above conditions will entail the forfeiture of the amount deposited and the materials will be resold at the risk of the tenderer who will have no claim to profit, if any, that might accrue in the resale, but will be liable to reimburse the Department all losses entailed in the resale.

Arrangements will be made to refund the earnest money of the unsuccessful tenderers soon after the tenders are opened and decided upon.

S. G. FORBES,
Chief Electrical Engineer.

OFFICE OF THE SUPERINTENDENT, POWER AND LIGHTING, MYSORE.

Notification dated 7th March 1938.

1. Sealed tenders, in triplicate, will be received at the Office of the Superintendent, Power and Light, Mysore, superscribed with the name of the work mentioned below.

2. The plans connected with the work may be seen at the office of the undersigned at all working hours. *The copies, if required, will be made available on payment of Rs. 5 per set.*

3. The tenders should be drawn up strictly in conformity with the specifications furnished, writing out the rates at which each item of work will be executed, in figures as well as in *words*, failing which no cognisance will be taken of the tender. No items other than those noted in the statement should be included as the items cover provision for all sundries, repairs to damaged masonry and painting, etc. The system of wiring adopted being in embedded conduit, grooves for the horizontal run of the circuits have been made on the walls and the pieces of conduits threaded at either ends have been laid in the cement concrete ceiling for all the lighting out-lets and necessary clamps provided to support the fixtures. Grooves for the vertical run of the conduits and niches for the distribution boards, lighting and heating control points, etc., have to be provided only in the ground floor but in the first floor necessary niches have been left in the masonry. All the grooves and other openings made in the wall, etc., should be mended nicely to match with the plastering of the walls using well ground and proportioned chunam mortar. The above points should be noted *and due reduction allowed for the portion of the work already executed, while submitting the tenders.*

4. The materials to be used on the work should be of best quality *conforming to B.E.S.A. specifications* and mention should be made of the manufacture and the catalogue numbers of the materials offered. Teakwood planks to be used on the work should be free from cracks and knots and well seasoned. No planks less than 12" in width will be permitted to be used unless it is to make up the difference in size of the board required. Only the lap joints should be adopted in all cases.

5. The undersigned reserves the right to reject the tenders without assigning any reasons therefor.

6. The successful tenderer will be required to deposit an earnest money of Rs. 700 (Rupees Seven hundred only) with the undersigned in cash or in Government Security Bonds, duly endorsed in favour of the Superintendent, Power and Lighting, Mysore, and execute an agreement within a
